## Clock Foldable

Cut out the circle on the solid line. Cut along the dotted lines. Write the digits 1-12 on the flaps of the clock face. Glue the circle with the dotted lines on top of the other circle. Bend each flap down and write down the corresponding minute. Ex. underneath the 2 flap, write 10. Attach the minute and hour hand with a metal brad.

# Clock

## Foldable

Thank you for downloading this item! I hope this foldable helps your students better understand how to tell time! :)
